By bus from Istanbul - Sofia - Belgrade - Tirana

Local transport (during the stay) :

Local buses - private cars offered by the locals

Workplace - Stationery - Amenities

[Tzoumakers](#) lab is a workspace that provides amenities and stationery for our workshops and other makers that want to develop their open-source ideas, operating under the principles of open-source and local-scale implementation.

It's within walking distance from our place of stay and provides WiFi, projectors, etc.

Extra curricular information

- High Mountains coop. is a small producers' coop, **interested in active involvement / investment** in the OFN Greece - Europe. They also have experience in EU-funded proposals (won an H2020 proposal one or two years). They have shown great interest in meeting us all!!

[P2P Lab](#) is an international research hub studying the Governance of Commons, Social Economies and Localization. They are based in Tzoumerka, and have also shown great interest in the project, and are willing to support it in many ways.

[Cosmolocalism](#) is a project founded by [Vassilis Kostakis](#) a Harvard visiting Professor also based in Tzoumerka, that explores ways of implementing globally-designed open-source innovations to local scale.
